Other Benefits for Alkaline Water

DRINKING ALKALINE WATER

Drink after exercising as alkaline water replenishes the electrolyte balance 3 times more than other waters because of its smaller water cluster it is more easily absorbed and recuperation is faster. helps with fatigue problems because of this. Sleep is helped if you drink a glass 1 hour before bedtime

TEA, COFFEE AND OTHER BEVERAGES

Alkaline water also adds flavors and brings out the best in beverages. Beverages taste smoother they don't have that acidic taste/ tang. Tide marks on cups take longer to establish themselves and are easy to clean away

COOKING

When cooking with Alkalized water the food absorbs the water easier, which enhances the natural taste and texture of the food being cooked. Foods cook quicker because of the smaller water molecules in alkalized water

Other Benefits for Acidic Water

BRUSHING TEETH

Use Acid water for brushing teeth and removing plaque helps with gum disease. Gargle for a sore throat. If amalgams are present use high level alkaline water. Athletes foot ? use acid water to help remove the foot fungus. Vaginal Thrush ? use as an external douche, relieves itching and helps to resolve the vaginal thrush.

IN THE KITCHEN

Use ACID water for cleaning work surfaces, dish clothes, cutting and bread boards. Cups and dishes rinsed in ACID water after washing are sterilized on level 5. Cups do not have a "Tide" line of tea or coffee as easily if at all, dependant on the water supply/ area

SKINCARE

Acid water acts as an astringent that is very effective for skincare because human skin and hair should be mildly acidic. Use the acid water externally to bring back the smoothness to skin and sheen to hair

FLOWERS

Stay fresh longer when ACID water is used. Dilute the Acid water at 1 part to two parts of pure filter water (not Alkaline). Both of these waters are available when using the Masterpiece unit to help keep your flower arrangements fresh

Why drinking water is alkaline ionized mineral water?

Drinking alkaline ionized water every day the most effective than green juice. Especially, Pure ionized water is alkaline ionized mineral water. It has a pH level of over 8. It is very beneficial because it is easily absorbed in the body and enhances body metabolic rate and better body resistance. Water ionizer separates various minerals in water into positive ion (alkaline) that is good for health and negative ion (acid) that is good for skin care. None of the items suggested activities above should be considered a cure for cancer and other geriatric diseases. But simply way to strengthen your body to fight the disease that has invaded it. Specially, it is maintaining various health function and curative properties and activating the unborn child in case of pregnant woman.

Which water we always drink for every day?

Because of it is not alkaline water, it cannot neutralize the effects of acidic waste. Do not drink this water, this is water that has had all the minerals removed from it using various processes so it is literally pure H₂O. It leaches the minerals from your body and makes you more acidic. The longer one drinks purified water, the more likely the development of mineral deficiencies and an acid state. Disease and early death is more likely to be seen with the long term drinking of purified water. Fasting with purified water can be extremely dangerous since it quickly depletes the body of its vital minerals.

Tests available for Acidity and Health

BTA (Biological Terrain Assessment) takes a "snapshot" of your environment and health using patients samples of 2mls of saliva, urine, and blood (blood is optional). Nervous system, a non invasive quantitative assessment of the autonomic nervous system based on heart rate variability. Tests the integrity of the sympathetic and parasympathetic nervous system and heart rhythm. EDS (Electro Dermal Screening) a non invasive test where readings are taken from the skin of the body, primarily fingers and toes, in depth tests typically take approximately 2 hours. The test looks at underlying causes and causal chains of a persons health profile. Segmentelektrograph, a non invasive test where quadrant measurements are taken to determine the functionality of a persons body, in finding the area or areas where problems are going on insidiously. All of these tests will produce a graph of the person being tested.
